DAILY QUOTE...

"The idea that it [elimination of the tax on corporate dividends] creates all kinds of jobs and everything else, that's what sort of turns me off. That's like a manager saying we're going to grow our earnings 20 percent a year. They don't have the faintest idea, in my view, of how many jobs this is going to create. How could they? Economics is not that precise."

-Billionaire investor Warren Buffett, as reported by the *Associated Press*, 5/6/03
